New Course to be Offered this Summer:
Middle School Math Methods!

A new **Middle School Math Methods** course that is appropriate for Multiple Subject credential holders wishing to earn a Single Subject Credential in Foundational-Level Math will be offered this summer. With this credential, you can teach algebra and geometry at any grade level. (Passing CSET Math Subtests I and II is also required for this credential.)

• **Course description:** This special section of CI 161 will focus on how middle school students learn mathematics and on a variety of methods and materials to help middle school students gain a deep understanding of the mathematical concepts they are expected to master.

- **Lead Instructor:** Dr. Rajee Amarasinghe;
Co-Instructor: Lisa Portela (Director, SJVMP)
- **Course Dates/Times:** Wednesdays (5-8 p.m.) and Saturdays (9 a.m.-noon); May 27 - July 15, 2009 (no class on July 4)
- **Location:** Room 207, Science II Building (just east of the Planetarium--pictured at left ☺)
- **Cost:** Only \$60/unit since MSTI and SJVMP are co-sponsors

• **Registration:** Students will register (and pay by check or credit card) on the first day of the course. To help us gauge interest and ensure a seat for you in the class, please also sign up online via the California Subject Matter Project (CSMP) Online Information Center at http://csmc.ucop.edu/CI_161 (If you have any questions about signing up online or about this course, email Lisa or Rajee: lportela@csufresno.edu and ramarasi@csufresno.edu)

• Information about the **CSET Math Subtests** is located at http://www.cset.nesinc.com/CS_testguide_Mathopener.asp
