**Dissertation Research with Human Subjects
at California State University, Fresno**

Procedures for approval of proposals in which human subjects will participate should follow the established university guidelines established by the Committee for the Protection of Human Subjects. The review sequence for dissertation research (EDL599) should come from the dissertation committee chair’s (the principal investigator) home department.

Part 1:

STUDENT NAME _____
Last First Middle
ID# _____

Part 2: Submit a copy of an approved application for conducting research with human subjects from the dissertation committee chair’s home department along with this form to the Ed.D. program office.
