## SHOUT OUTS

*I just want to give a shout out to the best mentor teacher I could have hoped for, Mrs. Madueña-Young! Since the first day she welcomed me into her classroom, I realized that I had made the right career choice. We need more teachers like her everywhere! Your resident, Roberto Ival.*

*Thank you to all the Residents who have come by to pick up textbooks so far and for those who are signed up to do so. It has been really great to see cohort 1 residents again and to meet the new cohort 2 residents in real life! Thank you all for diligently checking your emails and signing up to stop by as we acquire all the materials for you. Keep wearing your masks and staying healthy out there! ~ Nora Guillén*
