## <u>COMPETENCY TASK #1</u> Communities of Practice (COP) <u>CAPE Standards 1C, 2A, 2B, 2C, 2D, 5B</u>

## Protocol

Effective educational leaders strive for educational opportunities that are driven by equity and culturally responsive practices to promote each student's academic success and well-being. McLaughlin & Talbert posit that building a shared vision and language about practice is essential to teacher's professional learning (2006).

Equity-driven educational leaders promote a collaborative professional learning culture in schools. One major leadership skill that supports this culture is facilitating professional learning by building and supporting communities of practice. Related leadership skills include analyzing the progress of professional learning and reflecting on areas for improvement.

Competency Task 1 will focus on the collaborative principles used to execute a data-driven decision-making process using a trainer-of-trainers professional development delivery model, including presentation of data, goal identification, and selected strategies to identify a problem of practice. Candidate will identify knowledge and skills required by site administrators to employ collaborative teams to analyze school wide or district data, plan for improvement, and communicate results. Candidate will develop next step actions to increase personal leadership capacity in this area. Candidate will complete a self-assessment and write a reflection on the experience.

## Evidence/Direct Measure:

• Written Narrative/Rubrics Below

Criteria	Advanced Proficiency (3)	Proficiency (2)	Partial Proficiency (1)
Quality of response and CAPEs alignment	Demonstrates deep critical thinking, reflection, and application of all competency task (CT) components; strong alignment with CAPEs.	Demonstrates reflection and application of all CT components; general alignment to CAPEs.	Some reflection and application of CT; minimal alignment to CAPEs.
Understanding and application of learning material (i.e., research, course texts and class resources) and theories, where appropriate (i.e.,	Demonstrates deep understanding and application of learning material and related theories	Demonstrates understanding and application of learning material and related theories.	Limited understanding and application of learning material and/or related theories.

## Fresno State PASC Program Competency Task Rubric

Equity Driven Leadership, Adult Learning)			
Academic style and Grammar (APA)	Strong use of APA academic style and grammar, including appropriate APA citations of referenced evidence with no errors.	Use of APA academic style and grammar, including appropriate APA citations of referenced evidence with few errors.	Limited use of APA academic style and grammar; lacks APA citations of referenced evidence and/or has many errors.
Responsiveness to Feedback and Timeliness	Critically reflects on and adjusts based on feedback; submitted on time.	Reflects on and applies most feedback; submitted on time.	Little to no reflection or application of feedback; submitted late.
