

CSDS 206 COURSE SYLLABUS
HEARING AND SPEECH SCIENCE FOR DEAF EDUCATORS

Semester: Spring 202X	California State University, Fresno Communicative Sciences and Deaf Studies Department / Deaf Education Program
Course Section:	Instructor Name:
Units: 3	Office Location: Virtual meeting
Time: Asynchronous/Synchronous online course	E-Mail: @csufresno.edu
Location: 100% Online	Telephone
Website: www.fresnostate.edu/chhs/csds [To access the course login to Canvas (https://fresnostate.instructure.com) using your Fresno State username and password. For help with Canvas, contact the Academic Technology Resource Center at 278-7373 or send an email to canvas@mail.fresnostate.edu]	Office Hours: E-mail to schedule an appointment for a virtual meeting.

COVID-19 RELATED TOPICS

Health Screening: Students who come to campus for face-to-face classes will be required to complete a daily health screening which will include temperature checks. If you have experienced COVID-19 symptoms and/or have tested positive within the past 10 days; or if you have had close contact (less than 6 feet for longer than 15 minutes while unmasked) with a suspected or confirmed COVID-19 patient within the past 14 days, you are not allowed to come to campus. Please complete the campus [online reporting form](#). A campus official will reply to provide guidance and information.

Safety Measures: Consistent with the Governor’s order and updated state public-health guidelines, face masks or cloth face coverings are required to be worn in public spaces on-campus and during in-person classes to reduce possible exposure to COVID-19 and prevent the spread of the virus. Physical distancing must be practiced by maintaining 6 feet of distance between individuals. Good hygiene of hand washing for a minimum of 20 seconds or using hand sanitizer is required. Please avoid touching your face with unclean hands. Disposable face masks will be provided to anyone who arrives to campus without one.

Please see university website for the most updated information
www.fresnostate.edu/coronavirus

Course description: The anatomical and physiological principles of audiology and speech development will be reviewed and used as the foundation for exploring research, trends and issues in deaf education and their impact on deaf and hard of hearing students in a variety of instructional delivery models and specifically within context of the bilingual approach. Specific focus will be on working collaboratively with multidisciplinary educational team members who provide support services to deaf and hard of hearing students and their families.

REQUIRED COURSE MATERIAL:

Gallaudet University Pre-College National Mission Programs. (1997).
Speechreading in context: A guide for practice in everyday settings.
Washington, DC: Gallaudet University Press.

(Note: Download free of charge – <http://clercenter.gallaudet.edu>)

Gallaudet University Pre-College National Mission Programs. (1998). *Where does speech fit in: Spoken English in a bilingual context.* Washington, DC: Gallaudet University Press.

(Note: Download free of charge – <http://clercenter.gallaudet.edu>)

Mahshie, S. (1995). *Educating deaf children bilingually.* Washington, DC: Gallaudet University Press. ISBN: 978-0880952019

Nussbaum, D., LaPorta, R., & Hinger, J. (2002). *Cochlear implants and sign language: Putting it all together.* Washington, DC: Gallaudet University.

(Note: Download free of charge – <http://clercenter.gallaudet.edu>)

Paludneviene, R. & Leigh, I. (2011). *Cochlear implants: Evolving perspectives.* Washington, DC: Gallaudet University Press. ISBN: 978-1563685033

SUPPLEMENTAL MATERIAL:

American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.). Washington, D.C.: American Psychological Association. ISBN: 978-1433832161

REQUIRED READINGS:

Articles posted in Canvas

COURSE SPECIFICS:

Course goals: Teacher candidates will develop a personal philosophy of how spoken English and audiology may fit into deaf education, across a variety of delivery models, with emphasis placed on using the bilingual deaf education approach. Teacher candidates will develop approaches and strategies to collaborate with support providers, which show cultural competence and application of best practices for Social Emotional Learning in consideration of supporting deaf and hard of hearing student communication preferences, and consideration of families. Teacher candidates will develop a professional

understanding of audiology and speech reports that may be present in school documents in order to facilitate student understanding and promote self-advocacy skills.

Since this is a 3-unit course, you should expect to study an average of 6 hours outside of class each week.

Student Learning Outcomes:

CSDS 206 candidates will:

- begin to develop a professional perspective on teaching that includes an ethical commitment to meeting the individual communication needs of deaf and hard of hearing students.
(TPEs 1.1-1.8, 2.1-2.9, 3.2, 3.5-3.7, 4.1-4.7, 5.1-5.6, 6.1-6.8)
- acquire knowledge about the benefits of early identification and early intervention and providing support to deaf students, their families
(TPEs 1.1-1.8, 2.1-2.9, 3.1-3.7, 4.1-4.7, 5.1-5.5, 6.1-6.8)
- explore local, state, and federal organizations, entities and resources available to help provide support to deaf and hard of hearing students, and their families with diverse needs
(TPEs 1.3, 1.5, 1.7, 1.8, 3.5, 5.5-5.7, 5.1, 5.6, 6.2, 6.8)
- learn how to support experiences, understanding, and preferences of students in deaf education regarding audiological training, audiological equipment, and choice of language and modality.
(TPEs 1.1- 1.8, 2.1-2.9, 3.2-3.5, 4.1- 4.7, 5.2, 6.1-6.8)
- learn about various etiologies occurring in deaf and hard of hearing individuals and be able to explain in comprehensible terms to multidisciplinary professionals, deaf and hard of hearing students, and their families
(TPEs 1.3, 1.4-1.7, 2.6, 3.4-3.8, 4.1-4.7, 5.5, 5.6, 6.1- 6.8)
- explore various assistive technologies, including cochlear implants, that may aid deaf and hard of hearing students in a variety of settings.
(TPEs 1.2-1.5, 1.7, 2.1-2.9, 3.2-3.8, 4.2 -4.7, 5.3, 6.1-6.8)
- develop strategies that encourage ongoing communication with deaf students and their families, student engagement, and activities that promote deaf and hard of hearing students to be reflective and learn to advocate for themselves regarding their communication needs during school, and as they transition into adulthood.
(TPEs 1.1-1.7, 2.1-2.9, 3.5-3.8, 4.4, 4.6-4..8, 5.4-5.6, 6.1-6.8)
- read, analyze, discuss, and evaluate professional literature pertaining to trends in audiology and Spoken English in the Deaf community.
(TPEs 6.1-6.8)

COURSE CONTENT:

Module 1: Varied Delivery Models and Communication Philosophies

- a. Deaf Education Settings
- b. Bilingual Approach in Deaf Education
- c. History of Spoken English and Auditory Training in Deaf Education

Module 2: Foundation of Hearing

- a. Hearing anatomy and physiology
- b. Types of Hearing loss
- c. Relationship between hearing loss and articulation
- d. Pathological view vs Cultural view of hearing

Module 3: Considerations of Hearing Loss

- a. Types of Hearing Tests
- b. Making Sense of Audiograms
- c. Types of Amplification, Devices, Cochlear Implants

Module 4: Foundation of Spoken Language Development

- a. Review of anatomy of articulators
- b. Review of place, manner, voice/voiceless
- c. Review of speech sound blends
- d. Review of fluency
- e. Pathological view vs Cultural view of Spoken Language

Module 5: Meeting the communication needs of students in Deaf Education

- a. An educational team approach
- b. Working with students and families to understand speech and hearing fundamentals and communication options
- c. Application of auditory training in a signing environment (Bilingual Approach)
- d. Application of Spoken English in a signing environment (Bilingual Approach)
- e. Deaf adult’s perspective

In this course, the following Teaching Performance Expectations (TPEs) are variously introduced, practiced, and assessed (as shown below):

TPE 1: Engaging and Supporting All Students in Learning	
1. Provide and sustain a language rich environment in American Sign Language (ASL) and/or English for deaf students to foster social and academic discourse and comprehension, using multimodal instruction, skill training (signed/viewing, spoken/listening, and/or written language as a heritage language), research-based bilingual education methodology , translanguaging practices and current effective learning.	Introduced, Practiced, & Assessed
2. Communicate proficiently in American Sign Language (ASL) and/or English and engage with students using multimodal instruction (signed, spoken, and/or written) scaffolding, multiple ways of representing content, and teaching strategies to address the specific needs of student learning, as stipulated in the IFSP/IEP/ITP/504 Plan.	Introduced & Practiced
3. Collaborate with students and families to make instruction learner-centered, developmentally appropriate, and meaningful, reflecting home and school connections, knowledge of child development (linguistic, cognitive, socio-emotional, & cultural development) and additional special needs.	Introduced, Practiced, & Assessed

4. Demonstrate knowledge of students' language development across disabilities and the life span, including typical and atypical language development, communication skills, social pragmatics, the hierarchy of brain-based learning skills (e.g. executive functioning) and vocabulary/semantic development as they relate to the acquisition of academic knowledge and skills.	Introduced, Practiced, & Assessed
5. Develop and implement the IFSP, IEP, ITP, or 504 Plan collaboratively with families with an emphasis on language planning that provides equal access to the general education core curriculum with accommodations and modifications, and progress monitoring, taking into consideration all educational/communication options available (including the use of Assistive Technology and Augmentative and Alternative Communicative Devices as appropriate).	Introduced, Practiced, & Assessed
6. Connect subject matter to deaf-related events and experiences to make learning personal, meaningful, and culturally relevant to students.	Introduced & Practiced
7. Differentiate instruction and curriculum access for all students by emphasizing multimodal instruction (auditory, visual, tactile, gestural) activities and incorporating various funds of knowledge from diverse home backgrounds, cultures, styles or learning, and perspectives into curricular activities.	Introduced, Practiced, & Assessed
8. Prepare effective transition plans from birth to age 22 through the IFSP/IEP/ITP/504 Plan with students and their families, including goals for self-advocacy, independent living, post-secondary education, and career assessment and vocational evaluation, with appropriate connections between the school curriculum and life beyond school.	Introduced, Practiced, & Assessed
TPE 2: Creating and Maintaining Effective Environments for Student Learning	
1. Establish a caring, stimulating, and safe community for diverse deaf learners in which students assume responsibility for learning and self-advocacy, show willingness to take intellectual risks, develop self-confidence, and learn to work collaboratively and independently.	Introduced, Practiced, & Assessed
2. Design learning environments that maximize opportunities to progress from emerging to a formal language, and using translanguaging techniques appropriate to each student to further ASL and/or English competency.	Introduced & Practiced, & Assessed
3. Establish, maintain, and monitor an inclusive environment which cultivates language equity by demonstrating communication skills that enable diverse language learners to access, comprehend, and apply information; acquire knowledge; and develop and maintain interpersonal relationships.	Introduced, Practiced, & Assessed
4. Recognize and appropriately address instances of intolerance and harassment among students, based on awareness of the diverse cultural and linguistic identity and intersectionality among students.	Introduced, Practiced, & Assessed
5. Select, adapt, create and use culturally relevant language-rich resources to support deaf students with diverse language and learning needs.	Introduced & Practiced
6. Assume accountability for establishing, maintaining, and demonstrating the use of any assistive technology (visual, auditory, and/or tactile) to develop self-advocacy for deaf students and their families.	Introduced, Practiced, & Assessed
7. Maintain high expectations for learning with appropriate support for the full range of deaf students (including students who experience language deprivation, behavior, and/or mental health and medical needs) in the classroom by making effective use of support specialists, other service providers, available non-certificated staff, and other community resources.	Introduced, Practiced, & Assessed
8. Provide ongoing opportunities for safe, meaningful social interactions between language-model peers and adults who are deaf, as appropriate to each student's identity.	Introduced, Practiced, & Assessed
9. Utilize and embed collaborative discussions surrounding the unique leadership contributions of positive, diverse Deaf community role models within the classroom to support the development of self-identity and well-being in each deaf student.	Introduced, Practiced, & Assessed
TPE 3: Understanding and Organizing Subject Matter for Student Learning	
1. Master technical vocabulary and key concepts in content areas of instruction, effectively using social and academic language (ASL and/or English) to enhance vocabulary knowledge.	Introduced
2. Demonstrate the ability to effectively deliver content knowledge (core general education curriculum) in the language of instruction (ASL and/or English) utilizing strategies appropriate to deaf students based on current evidence-based research.	Introduced & Practiced
3. Demonstrate knowledge of appropriate expressive (signed, spoken, and written) and receptive (listening, reading and viewing) language skills strategies and assessments based on the language of instruction (ASL and/or English).	Introduced, Practiced, & Assessed
4. Demonstrate knowledge of translanguaging and transliterating techniques (ASL-printed English and/or spoken language-printed English) in the delivery of content knowledge.	Introduced & Practiced
5. Demonstrate knowledge of auditory, tactile and visual accommodation, differentiation, and/or modification of instruction to meet the linguistic, cognitive, social, and emotional needs of each student.	Introduced, Practiced, & Assessed

6. Construct accessible learning experiences that incorporate use of auditory, tactile, and visually assistive materials, resources, and technology to facilitate meaningful and authentic learning for all students.	Introduced, Practiced, & Assessed
7. Use appropriate multimedia tools to provide language access and support conceptual knowledge.	Introduced & Practiced, & Assessed
8. Use current culturally relevant and appropriate deaf-related materials (literature, linguistics, culture, anthropology), to foster a healthy positive identity.	Introduced & Practiced, & Assessed
TPE 4: Planning Instruction and Designing Learning Experiences for All Students	
1. Demonstrate the ability to design and implement effective individual, social, academic, cognitive, and language learning activities using appropriate auditory/tactile/visual strategies for diverse learners all ages (birth to 22) taking into account different backgrounds, learning preferences, and learning environments while using essential elements of instruction that are culturally relevant, data driven, and standards-related.	Introduced, Practiced, & Assessed
2. Understand and apply knowledge of typical and atypical language development (signed, spoken, and written) among deaf students, to help inform instructional planning and learning experiences.	Introduced, Practiced, & Assessed
3. Design reasonable language and content objectives and benchmarks for instruction implementation and conducting ongoing assessment to strengthen the interconnectedness of academic content areas, critical thinking and language scaffolding using a variety of resources (ESL and ELL techniques, ASL/English bilingual strategies) accessible to all learners.	Introduced, Practiced, & Assessed
4. Plan and design instruction that develops students' self-advocacy skills and learning needs from birth to 22.	Introduced, Practiced, & Assessed
5. Access resources for planning and instruction, including the expertise of Deaf, hard-of-hearing and deafblind communities and school colleagues through in-person or virtual collaboration, co-teaching, coaching, and/or networking.	Introduced
6. Plan instruction that promotes a variety of receptive and expressive language development skills and strategies.	Introduced, Practiced, & Assessed
7. Coordinate, collaborate, co-teach and communicate effectively with other agencies, educators, service providers, parents, students, and Deaf community agencies for instructional planning and planning for successful deaf student transitions.	Introduced, Practiced, & Assessed
TPE 5: Assessing Student Learning	
1. Apply knowledge of federal and state special education laws and regulations, assessment terminology, legal provisions, and ethical principles in selecting, adapting, administering, interpreting, and explaining assessments for placement and progress monitoring.	Introduced, Practiced, & Assessed
2. Gather relevant information through reading, interpreting and using informal and formal assessment data from IFSP, IEP, ITP, and 504 plans develop differentiated instruction, and to make appropriate accommodations or modifications.	Introduced, Practiced, & Assessed
3. Develop and administer linguistically and culturally appropriate assessments in the language understood by the students guide instruction and monitor progress.	Introduced, Practiced, & Assessed
4. Evaluate instructional practices, record, monitor, and share evidence of academic, linguistic, and socioemotional progress to all stakeholders .	I Introduced, Practiced, & Assessed
5. Assess and design measurable and appropriate language (sign, spoken, and written, as appropriate for each student) and content goals based on assessments of student growth to determine level of proficiency for each deaf student.	Introduced, Practiced, & Assessed
6. Evaluate and design, with the interdisciplinary team, a high school transition plan that includes language and communication skills to enhance self-advocacy, access and independence.	Introduced, Practiced, & Assessed
TPE 6: Developing as a Professional Educator	
1. Demonstrate knowledge of the history of deaf education including trends, philosophies, and legal foundations, and the ways in which these issues continue to positively and negatively influence policy and practice today.	Introduced, Practiced, & Assessed
2. Demonstrate the ability to present unbiased information to families on the differences in perspectives on deafness , the range of educational opportunities available for deaf children, and support families in their decision-making process by providing information on the linguistic, cognitive, social, and emotional needs of deaf children, federal and state special education regulations, and connections with parent support groups, community agencies, and deaf role models.	Introduced, Practiced, & Assessed
3. Demonstrate the ability to work collaboratively with families, support providers, general education professionals, community agencies and the Deaf community, recognizing and respecting their roles and responsibilities in meeting the needs of students.	Introduced, Practiced, & Assessed
4. Demonstrate the ability to manage, monitor, and maintain assistive auditory technologies, to apply information from audiograms to develop listening expectations, maximize use of residual	Introduced, Practiced, & Assessed

hearing, and develop auditory processing and comprehension skills, as well as self-advocacy skills in both social and academic contexts.	
5. Demonstrate knowledge of universal design for learning, and common accommodations and modifications to meet the linguistic, cognitive, social, and emotional needs of deaf student.	Introduced, Practiced, & Assessed
6. Demonstrate knowledge of second language development and the distinction between language disorders, disabilities, and language differences.	Introduced, Practiced, & Assessed
7. Demonstrate knowledge of deafblind as a unique disability requiring specialized assessment and teaching strategies, as well as a team approach in collaboration with other service providers and community agencies to design assessment and instruction.	Introduced, Practiced, & Assessed
8. Demonstrate knowledge of current research in evidence-based teaching practices, technologies, policies, and trends in deaf education.	Introduced, Practiced, & Assessed

DHH TPEs Glossary Terms (from bolded terms in TPEs) in the last page of syllabus.

Course requirements:

Candidates are expected to develop group norms and actively participate in collaborative learning peer groups via Zoom video conferencing. Candidates submit evidence of work from activities, modules for formative review and to demonstrate achievement on the Teaching Performance Expectations (TPEs).

Zoom: This course requires the use of Zoom, which is a video and web conferencing program that can be used for any type of online meeting. Zoom functionality includes synchronous (live) or asynchronous (pre-recorded) lectures, online class meetings, virtual office hours, student presentations, etc. For additional details and guidelines on using Zoom, review the **Zoom at Fresno State Start Guide**.

Access your Zoom account using this link: **fresnostate.zoom.us**

Candidates complete assignments asynchronously (pre-recorded) but within a time frame to allow effective collaboration with peers. Work in collaborative groups is guided by group developed norms and requires effective communication and time management.

Canvas postings: Students can find this by clicking on Assignments to upload papers and links. Some assignments will need to be submitted to Safe Assign, which allows the instructor to identify content that is plagiarized. Students need to be sure that APA format and citations are used correctly.

It is not recommended to access and take tests/quizzes through the Canvas app or on a mobile device.

GRADING CRITERIA:

Grading scale	Grade	Points
90% - 100%	A	900 – 1000
80% - 89%	B	800 – 899
70% - 79%	C	700 – 799
60% - 69%	D	600 – 699
Below 60%	F	599 and below

ASSIGNMENT AND EXAMINATION SCHEDULE

Due Date	Assignment	Points
?	Weekly Reading Quizzes (10 x 20 points each)	200
?	Discussion Posts (10 x 20 points each)	200
?	Observation/Interview of Educational Audiologist Report	150
?	Observation/Interview of SLP in School Setting Report	150
?	Final Exam	300
Total Points		1000

SUMMARY OF CLASS ACTIVITIES AND ASSIGNMENTS:

A. Weekly Reading Quizzes (10 quizzes, 20 points each)

After you read assigned reading materials each week, you will take a quiz in Canvas. You will not be timed, however you will have only one attempt to complete the quiz. All quizzes will be 25 items, or less, and will be comprised of questions that are multiple choice, fill in the blank, and/or matching. The purpose of the quizzes is to make sure you keep up on the reading assignments as well as to assess your understanding of the material read. Please see Class Schedule for Quiz postings and due dates. The schedule can be found in Canvas as well.

B. Discussion Posts (10 posts, 20 points each)

Topics posted in Canvas Discussions will require synthesis and evaluation of knowledge gained from class lectures, reading assignments, information shared by peers and personal experience from previous fieldwork in Deaf Ed settings. Responses to topics in Discussions should be well thought out by you and include data to support your answer when appropriate. Discussions should be well written (free of spelling errors, grammatically correct, organized, etc.) and appropriate for a graduate level course. If you paraphrase or quote someone else's work, please be sure to cite your sources. You are also expected to reply to your peers in a respectful, professional and scholarly manner.

C. Observation/Interview of Educational Audiologist Report and Observation/Interview of SLP in a School Setting Report (150 points each)

You will contact an Educational Audiologist and arrange a time to observe him/her/them at work with DHH students, for a minimum of 2 hours. Following the observation, you will ask to interview the Educational Audiologist. You will create an interview protocol with 20 – 30 questions in an effort to learn about their philosophy working with deaf and hard of hearing students, their experience collaborating with other educational team members, their experience in the Deaf community, their recommendations for local resources for new deaf educators, and any other questions you create. Your report will include a summary of what you observed, information gleaned from your interview, and a personal reflection.

You will also contact a SLP who works in a school setting and arrange a time to observe him/her/them at work with DHH students, for a minimum of 2 hours. Following the observation, you will ask to interview the SLP. You will create an interview protocol with 20 – 30 questions in an effort to learn about their philosophy working with deaf and hard of hearing students, their experience collaborating with other educational team members, their experience in the Deaf community, their recommendations for local resources for new deaf educators, and any other questions you create. Your report will include a summary of what you observed, information gleaned from your interview, and a personal reflection.

D. Final Exam (300 points)

You will be given a DHH student profile and will write up a proposal for optimal educational setting, with inclusion of a communication plan. You will indicate key participants to make up the multidisciplinary educational team, appropriate assessments to determine communication modalities, possible support services, local community resources, and provide justification and rationale, based on research and best practices in deaf education. You will need to cite your sources in APA format.

You will have two weeks to complete your final exam. Your final exam will need to be submitted through Canvas in Assignments.

COURSE POLICIES & SAFETY ISSUES

Responsibility to Engage and Be Active Online:

- Failure to be active in the first 10 days of the semester will result in an administrative withdrawal from the course. Inactivity online for **two consecutive weeks** at any time in the semester will also result in one full letter grade reduction in overall points.

Online Communication Guidelines:

- In all email/online communication, place the name of the course, “CSDS 273” in the subject line. Address your instructor as “Dr. _____” or “Professor _____.”
- Expect a reply within 36 hours. Emails received on weekends or holidays will not receive a response until the following regular workday, between the hours of 9 a.m. and 5 p.m.

- Be clear with your requests or questions for clarification.
- If errors are identified in calendar dates on the syllabus, please notify me immediately. Some dates are from vendors and partner organizations and are beyond the control of the professor or the university.
- Treat all communication with fellow students, faculty, and school district(s) as professional business communication and elevate your style and format to reflect your professionalism.

Course Website:

- To access the course login to Canvas (<https://fresnostate.instructure.com>) using your Fresno State username and password. For help with Canvas, contact the Academic Technology Resource Center at 278-7373 or send an email to canvas@mail.fresnostate.edu.

Late work and make-up work policy:

- Course policies on attendance and make-up work follow [APM232](http://www.fresnostate.edu/academics/facultyaffairs/documents/apm/232.pdf) (<http://www.fresnostate.edu/academics/facultyaffairs/documents/apm/232.pdf>). Reasonable accommodations will be made for authorized student absences/failure to complete online assignments by the due date. If the student has a short-term serious and compelling medical condition or when a death or serious illness in the immediate family (i.e., parent, spouse, sibling or child) prevents attending class or submitting an online assignment by the due date, the student is responsible for contacting the instructor as soon as possible and for providing documentation of the reason. Examples of authorized student absences due to University-sponsored activities include, but are not limited to, artistic performances sponsored by university performance ensembles or artistic groups; athletic events in which the student competes; field trips or competitions sponsored through an academic program, and attendance at regional or national conferences. Extensions of time may be given within reason. All work must be completed and submitted by midnight on the last day of instruction.

Respondus LockDown Browser:

- This course requires the use of LockDown Browser for online exams and/or quizzes. This software locks down student computers by removing browser menu and toolbar options and preventing access to other applications while taking the exam. For additional details and guidelines on using LockDown Browser, review this **Student Quick Start Guide**.
- *Please be aware that Respondus LockDown Browser does not work on a Chromebook.*
- Download and install LockDown Browser from this link: **<http://www.respondus.com/lockdown/download.php?id=721312624>**

For free tutoring on campus, contact the Learning Center

(<http://fresnostate.edu/studentaffairs/lrc>) in the Collection Level (basement level) of the Henry Madden Library. You can reach them by phone at 559.278.3052.

Our campus has developed SupportNet (<http://fresnostate.edu/studentaffairs/lrc/supportnet>) to connect students with specific campus resources promoting academic success. Students may be referred to it if you believe they need the services provided by SupportNet to succeed in your course.

UNIVERSITY POLICIES

Students with Disabilities: Upon identifying themselves to the instructor and the university, students with disabilities will receive reasonable accommodation for learning and evaluation. For more information, contact Services to Students with Disabilities in the Henry Madden Library, Room 1202 (278-2811).

The following University policies can be found at:

- [Adding and Dropping Classes](#)
- [Cheating and Plagiarism](#)
- [Computers](#)
- [Copyright Policy](#)
- [Disruptive Classroom Behavior](#)
- [Honor Code](#)
- [Students with Disabilities](#)
- [Title IX](#)

UNIVERSITY SERVICES

The following University services can be found at:

- [Associated Students, Inc.](#)
- [Dream Success Center](#)
- [Learning Center Information](#)
- [Student Health and Counseling Center](#)
- [Writing Center](#)

Intellectual Property provision - As part of your participation in virtual/online instruction, please remember that the same student conduct rules that are used for in-person classrooms instruction also apply for virtual/online classrooms. Students are prohibited from any unauthorized recording, dissemination, or publication of any academic presentation, including any online classroom instruction, for any commercial purpose. In addition, students may not record or use virtual/online instruction in any manner that would violate copyright law. Students are to use all online/virtual instruction exclusively for the educational purpose of the online class in which the instruction is being provided. Students may not re-record any online recordings or post any online recordings on any other format (e.g., electronic, video, social media, audio recording, web page, internet, hard paper copy, etc.) for any purpose without the explicit written permission of the faculty member providing the instruction. Exceptions for disability-related accommodations will be addressed by Services for Students with Disabilities (SSD) working in conjunction with the student and faculty member.

Department Chair

If there are questions or concerns that you have about this course that you and I are not able to resolve, please feel free to contact the Chair of the department to discuss the matter.

Communicative Sciences and Deaf Studies Department
 Dr. Steven Skelton, Department Chair

Date?	FINAL EXAM SUBMISSION	Final Exam Due by _____ pm, on _____, in Canvas.

DHH TPEs Glossary Terms from CTC's Preliminary Education Specialist Teaching Credential Program Standards and Teaching Performance Expectations (2019) pp. 47-50

1. **Assessments:** Includes functional behavior assessment, informal, formal, formative, summative, diagnostic, progress-monitoring, and evidence-based performance used for the purpose of screening, referral, placement, progress monitoring, etc.
2. **Assistive technology:** Assistive technology is used to refer to a broad category of technologies that assist individuals in accessing their environment for communication and/or learning. These include technologies that enhance auditory, visual, or tactile information. Assistive auditory technologies include hearing aids, BAHAs (Bone Anchored Hearing Aids), cochlear implants, auditory brainstem implants, hearing or induction loops, wireless Bluetooth/FM/infrared systems, and personal amplifiers. Other assistive technologies may include alerting devices, such as visual alarms, vibrators, and flashing lights, computer or electronic assistive devices, computer software and hardware, such as voice recognition programs, speech generating devices, screen readers, and screen enlargement applications, closed captioning, video communication systems (e.g. FM systems, RMT). Assistive technology also includes augmentative and alternative communication devices; see Augmentative and Alternative Communication (Clerc Center, 2014)
3. **Auditory:** Auditory pertains to the sense of hearing, or to the organs of hearing, specifically what is perceived through or resulting from the sense of hearing, as well as any auditory input, such as speech, music, or environmental sounds used to enhance communication or illustrate a concept being taught.
4. **Augmentative and Alternative Communication (AAC):** Communication methods that supplement or replace speech or writing, often using a tool, such as a communication board with visual/graphic symbols, or computer programs that use synthesized/digitized speech to communicate for the user (National Joint Committee/ASHA, 2018).
5. **Deaf:** The term deaf is used in an all-inclusive manner, to include students who may identify as Deaf, deaf, deafblind, deafdisabled, hard of hearing, late-deafened and hearing impaired (NAD, 2018). We have chosen to use one term, deaf, with the goal of recognizing experiences that are shared by all members of this diverse population while also honoring all of their differences.
6. **Heritage language:** The term heritage language has been variously defined as 1) a minority language learned by its speakers at home as children, but never fully developed, because speakers grow up with a dominant language, in which they become more competent, 2) a continuum that ranges from fluent speakers to barely speaking individuals of the home language (Polinsky & Kagan, 2007), 3) the language of a person's family or community, which the person does not speak or understand but with which he/she culturally identifies (Ochs & Schieffelin, 2017). Heritage language learners (HLLs) more recently have been defined as "individuals with familial or ancestral ties to a language other than English who exert their agency in determining if they are HLLs of that language" (Hornberger & Wang, 2017).

7. **Intersectionality:** The interconnected nature of social categorizations such as race, class, and gender as they apply to a given individual or group, regarded as creating overlapping and interdependent systems of discrimination or disadvantage, e.g., Deaf+woman+Latina.
8. **Language equity:** Language equity includes the concept of power dynamics between dominant and marginalized groups, which is often based on groups marginalized due to their language, if it doesn't match the language of the dominant group (Komesaroff, 2013). Language equity is the quality of being fair and impartial regarding students' language differences with the focus of all instruction leading to comprehension (Cervantes-Soon, et al 2017).
9. **Language planning:** is a strategy that specifies how each language will be taught in a dual language program.
10. **Mental health needs:** childhood trauma, post-traumatic stress disorder, socioemotional disorder, conduct disorder, disruptive behavior, oppositional defiant disorder, separation anxiety, generalized anxiety, depression, attention deficit hyperactivity disorder and autism spectrum, or other generalized mental health needs that may impact a student's academic success or failure.
11. **Medical:** Medical pertains to any needs that are overseen by medical professionals (physicians, nurses, psychiatrists, etc.), e.g., tracheotomies and Passy Valves, seizure disorders, cerebral palsy, etc.
12. **Perspectives on deafness:** Perspectives on deafness include a continuum of cultural identities. Cultural identity includes the traditions, customs, language, and worldview of the culture. Cultural identity for deaf children is quite diverse, and may include Deaf culture, where ASL or another form of sign language (e.g., Mexican Sign Language) is the community language, or cultural identity may include the culture of the hearing family, which usually includes one or more spoken languages (English, Spanish, Mandarin, etc.). Cultural identity may include a range between these two options.
13. **Research-based bilingual education methodology:** Research-based bilingual education methods may be implemented in a variety of structures, which may include: 1) bilingualbicultural, where sign language is learned as the native, or first, language, which then serves as a foundation to access written language (Marschark, Tang, & Knoors, 2014); or 2) bilingual, where two or more spoken languages are learned, either concurrently or sequentially, e.g., ASL and a spoken language, English and Spanish, etc.
14. **Service providers:** Service providers are professional personnel who may have roles for serving the student through the IFSP, IEP, or Transition Plan, usually as related services. They include speech language pathologists, audiologists, occupational therapists, physical therapists, medical and health professionals, psychologists, interpreters, parent counseling and training personnel, orientation and mobility personnel, etc. (Parent Center Hub, 2017).
15. **Stakeholders:** anyone who is invested in the welfare and success of deaf students, including administrators, teachers, staff members, students, parents, families, community members, local business leaders, interpreters, elected officials such as school board members, city councilors or state representatives. Stakeholders may also be collective entities, such as local businesses, organizations, advocacy groups, committees, media outlets, and cultural institutions.
16. **Tactile:** Tactile pertains to the sense of touch, or to the organs of touch, specifically what is perceived through or resulting from the sense of touch, and any tactile input, such as pressure, movement, temperature to enhance communication or illustrate a concept being taught.
17. **Translanguaging techniques:** the use of a variety of language strategies and practices that foster linguistic diversity within the classroom that values multiple languages by leveraging students' full language repertoire (not to be confused with code-switching), i.e., read thematically in multiple languages, process language in multiple languages, multilingual word walls, multilingual writing.

18. **Transliterating techniques:** code-switching; mapping from one system of language to another: i.e., reading an English text utilizing ASL signs or transliterating spoken language using Cued Speech.
19. **Visual:** Visual pertains to the sense of seeing, specifically what is perceived through the or resulting from the organs of vision, and any visual input, such as a symbol, picture, sign, video clip, or display used to enhance or accompany communication or illustrate or a concept being taught.
