<b>Standards Requiring More Information</b>	<b>Comment from Program Reviewers</b>	<b>Response from Program</b>
<b>Standard 12:</b> Determination of Candidate Competence	Provide evidence of a systematic summative assessment by at least one district supervisor.	Summary: For students pursuing the Early Childhood (EC) Specialist Credential, the District Supervisor reviews and scores the ECE ePortfolio students produce in <a href="#">LEE 241</a> using the program rubric. District Supervisor is defined as a district employee who has earned a clear credential. It is preferred that they have also taught at least 3 years in TK-3rd grade. District employees serving in the following roles are able to serve as District Supervisors to candidates pursuing the EC Specialist Credential: Early Learning District Coordinator, Early Learning District Instructional Coach, Early Learning Mentor Teacher, School Principal, or Early Learning Site Supervisor. The syllabus for LEE 241 provides students with a <a href="#">District Supervision Letter</a> that invites them to participate in supporting candidates pursuing EC Specialist credential and explains how to reliably complete the assessment.
