Collaborative Works/Projects (with public schools, community agencies, etc.)

Teacher Residency Program working collaboratively with CA State University, Fresno and Fresno Unified School District. I have both supervised students as a School administrator and as a Coach for Fresno State University. I also worked closely with the development of this program when it initially

began as the school I was an administrator was selected as one of the sites to place many of the student residents.

Collegial Works/Projects (i.e., grants, articles, conference presentations, etc.)

Professional Development

I have attended numerous Professional Learning/Development seminars through Fresno Unified School District as well as a few through Fresno State University (2001 -current). I have learned so many new concepts and strategies for both supervision and teaching in attending these Professional Learning opportunities.

Honors (Optional)

Excellence in Education recipient from Fresno Unified School District
