### **California School Nurses Organization State President Position**

---

The President position is a six year commitment starting with two years as the President-elect, two years as President and two years as Past President. The president is the official spokesperson for the organization and oversees the main office and staff in Sacramento. CSNO is ‘legislatively aggressive’ closely following legislation that may affect the nursing profession and meeting frequently with legislators and speaking at Assembly and Senate hearings. The president provides guidance to the Board of Directors on all projects; oversees an annual conference and approves all items developed for publication, among other duties.

As Past President, 2011-2013, took over duties as webmaster and created an electronic newsletter that was sent to members bimonthly.

### **Personal**

---

Married to Dwight Miller since 1974, two children, four grandchildren. Interests include watercolor painting, photography, gardening, reading and volunteer work.

### **Professional Development**
