The following sections regarding COVID are subject to change given changing circumstances on-campus and in the community. Please check the COVID website for the most up-to-date information at:

www.fresnostate.edu/coronavirus

Vaccination: In order to create a safe environment on campus, all students must be vaccinated against the SARS-CoV-02 virus, or obtain an exemption, in order to attend classes on campus or access any services on campus. Documentation of the first dose of the vaccination must be uploaded to the student portal by Aug 20, and documentation of the final dose by Sept 30. Students may request an exemption to the vaccine requirement by going to their student portal to complete the COVID self-certification. Students with vaccination exemptions are subject to weekly COVID testing. You are not allowed to come to campus if any of the following is true:

- You have not been vaccinated, and have not been granted an exemption, or
- You have been granted an exemption, but have not completed your required weekly testing.

Health Screening: Students who come to campus and/or are participating in off-campus in-person experiential learning will be required to complete a [daily health screening](#) before coming to campus or learning site. You are not allowed to come to campus if any of the following is true:

- If you are experiencing COVID-19 symptoms (vaccinated or not).
- If you have tested positive within the past 10 days.

If you have a suspected or confirmed case of COVID-19, please complete the campus [online reporting form](#). A campus official will reply to provide guidance and information.

Safety Measures: Face coverings are required to be worn indoors on-campus and during in-person classes (vaccinated or not), and/or in accordance with learning site requirements if participating in off-campus experiential learning, to reduce the risk of community spread of COVID-19. The [Student Health and Counseling Center](#) has complimentary masks available for students who need them. The mask requirement may be modified if/when transmission rates in Fresno County drop below the threshold identified by the CDC.

Please remember that the same student conduct rules for in-person classroom instruction also apply for virtual/online classrooms. Students are prohibited from any unauthorized recording, dissemination, or publication of any academic presentation, including any online classroom instruction, for any commercial purpose. In addition, students may not record or use virtual/online instruction in any manner that would violate copyright laws. Students are to use all online/virtual instruction exclusively for the educational purpose of the online class in which the instruction is being provided. Students may not record any online recordings or post any online recordings on any other format (e.g., electronic, video, social media, audio recording, web page, internet, hard paper copy, etc.) for any purpose without the explicit written permission of the faculty member providing the instruction. Exceptions for disability-related accommodations will be addressed by Student Disability Services working in conjunction with the student and faculty member.

Student Learning Outcomes:

Instructions for significant assignments: The Site Visitation Project Scheduled Visit/Observation will document the Teacher Candidate's effective use of instructional time to maximize student achievement in relation to state-adopted academic content standards for students, instructional goals, and scheduled academic tasks. Teacher Candidates will implement procedures for routine tasks and manage transitions to maximize instructional time. Teacher Candidates will reflect on their lessons using the TPEs as a framework. (TPE EX1.11, U2.5, U2.6, EX2.3, EX2.6, EX2.12, EX4.2, EX5.3, EX6.2)

Site Visitation Project (SVP)

FAST OVERVIEW

The California Commission on Teacher Credentialing (CCTC) requires that every credential program candidate seeking recommendation for a Preliminary California Credential show mastery of the Teacher Performance Expectations (TPEs). The TPEs will be taught in your coursework and applied and practiced in your clinical experience. The Kremen School of Education and Human Development has designed its own assessment system to evaluate your mastery of the TPEs, the ***Fresno Assessment of Student Teachers (FAST)***. The system consists of two tasks or "projects", the Site Visitation Project (SVP) and the Teaching Sample Project (TSP).

The Site Visitation Project [SVP] is the only FAST assessment required for Education Specialist candidates. The SVP will be scored by trained scorers (typically your University Coach) using a specific four-point rubric:

- 1 = Does not meet expectations

- 2 = Meets expectations
- 3 = Meets expectations at a high level
- 4 = Exceeds expectations

In the event that a candidate earns a score of “1” on any section, the candidate will have the opportunity to revise and resubmit that section. If a passing score is still not earned in the resubmission, the candidate may apply for a *Special Consideration* using the *FAST Non-Passing Score Procedure* (outlined in the FAST Manual; will be received in either the CI 176 course or from your Coach).

SITE VISITATION PROJECT OVERVIEW

The SVP assesses the candidate’s ability to plan, implement, and reflect upon instruction. The Teaching Performance Expectations (TPE) elements being evaluated are: EX1.11, U2.5, U2.6, EX2.3, EX2.6, EX2.12, EX4.2, EX5.3, EX6.2

For this project, **the candidate will plan, teach, and evaluate a 20- to 45-minute mathematics lesson that is observed by the University Coach and digitally recorded and uploaded into Tk20.** Candidate will teach the lesson in mathematics and infuse English Language Development and English Language Arts standards. The lesson will be implemented with the Universal Design for Learning Framework. The written lesson plan will be submitted to the University Coach at least three (3) days prior to implementation. The lesson will be observed by the University Coach and/or subject-matter expert. To evaluate the planning and implementation of the lesson, the candidate will watch the lesson recording, select a segment that demonstrates subject-specific pedagogy and respond to questions about the lesson. The project will be submitted on Tk20 and evaluated using the Scoring Rubrics in the FAST Manual. More information can be found in the FAST Manual.

Grading policy: To receive credit for EHD 178, candidates must satisfactorily meet all clinical practice expectations and earn a minimum score of “2” on each of the three sections of the SVP. *The candidate must pass all sections of the assessment before receiving credit for EHD 178.*

COURSE POLICIES & SAFETY ISSUES

Please review University policies to ensure coherence with any classroom policies: <http://www.fresnostate.edu/academics/facultyaffairs/policies/apm/index.html> and, in particular, the University Policy on Course Syllabi and Grading (APM 241)

In addition, review the school policies at the school you will be assigned to for this course.

You may want to include a statement describing appropriate behavior in your classroom, especially if your course includes student discussion of sensitive issues. The University Policy on Disruptive Classroom Behavior ([APM 419](#)) is well worth reading and can be found in the Class Schedule and the Academic Policy Manual. In addition to defining disruptive behavior and detailing formal procedures for dealing with it, the policy contains a useful description of the learning environment.

Late work and make-up work policy. Give your make-up work policy due to student absence. Finally, include your late work policy if that is separate from the make-up work policy, and make clear the requirements for attendance at the final examination and the impact on the student's grade.

Address safety issues if relevant. (labs, hazardous materials, shops, field work, etc.).

Plagiarism Detection: The campus subscribes to Turnitin, a plagiarism prevention service, through Canvas. You will need to submit written assignments to Turnitin. Student work will be used for plagiarism detection and for no other purpose. The student may indicate in writing to the

instructor that he/she refuses to participate in the plagiarism detection process, in which case the instructor can use other electronic means to verify the originality of their work

COURSE CALENDAR

The calendar should include projected dates, topics covered, deadlines, and/or periods of time for readings, field trips, projects, exam dates (including the date and time of the final exam) and assignment due dates. The following statement is suggested to footnote the calendar: *“The course schedule is subject to change in the event of extenuating circumstances.”*

If you plan to give your exam online or not to meet in class on the final exam day, please explicitly inform students in your syllabus. You also need to address a memo to that effect to your department chair and dean.
