*Piloted Dual Credential model at Dry Creek Elementary School that provided each dual credential (multiple subject/mild-moderate) candidate to spend 2-3 consecutive weeks in a Resource Specialist Program. This model allowed them to be in a SPED setting for the entire day, rather than one hour a day. The remaining weeks were spent in a primary general education setting. As a SPED/Multiple Subject supervisor I was able to coach foUr dual candidates at the same school, spending approximately 4 hours a week providing support to students and master teachers.*
