

Kremen School of Education and Human Development

Dear Parent/Guardian,

This semester, your child's class is working with _____, a student teacher from Fresno State's Credential Program. The State of California credentialing process requires all teacher credential candidates to complete a Teaching Performance Assessment. This assessment requires a 20 - 45 minute video recording of one lesson being taught by the student teacher.

The focus of the video recorded lesson is to assess the student teacher's performance and evaluate our program effectiveness. Although the video may show both the student teacher and various students, the primary focus is on the student teacher's instruction, not on the students in the class.

All student teachers at Fresno State are required to purchase an account to <https://fresnostate.tk20.com>, a password-protected and secure website where the video recording will be uploaded and accessible only to Fresno State Teacher Education faculty and the student teacher.

Your child's privacy and safety are of utmost importance and we hope that this letter helps you understand the intent of the video recorded lesson. Thank you for completing the permission form below.

Sincerely,
Dr. Jeanie Behrend, FAST Coordinator
