Pathway for preparing and certifying educators in the Portuguese language and culture:

Summer 2023

Three weeks of accelerated Portuguese language and culture learning with native highly qualified instructors and guest speakers

2023-24 School Year

Year round of group and one-on-one pedagogical support on standards-aligned curriculum, methods and assessment practices

Summer 2024

A three-week study abroad in Portugal living with a host-family for a full immersion language and culture learning experience

The primary goal of this program is to uniquely capacitate certified Spanish teachers to acquire an additional certification in Portuguese language and culture, while expanding their own heritage language proficiency.

This project is a collaborative endeavor among the following institutions:

Portuguese Beyond
Borders Institute

Continuing and Global
Education

College of Arts and
Humanities

Kremen School of
