Union

WELCOME

Dear Fresno State Teacher Education Candidate,

Welcome to the Fresno State Teacher Education Program!

We are thrilled that you have made the choice to enter the teaching profession. As a teacher, you have the power to directly impact the future of our region and our world. Every student in your classroom has the potential to go on to do amazing things. As their teacher, it is up to you to determine how best to help unlock that potential. Our hope is that, during your time in Fresno State's Teacher Education program, you will develop the knowledge and the tools to help each of your students grow and flourish.

We are also thrilled that you chose to complete your credential requirements at Fresno State. Nearly three-quarters of the teachers in the greater Fresno region were prepared at Fresno State. So by completing your credential requirements here, you are joining a community of notable educators. Completers of our programs have gone on to have long careers as classroom teachers, site and district administrators, and university faculty. In fact, many have returned to the Kremen School of Education and Human Development to pursue further graduate degrees.

Our Teacher Education programs are accredited at both the state level, by the California Commission on Teacher Credentialing, and the national level, by the Association for Advancing Quality in Educator Preparation. Our faculty and staff are committed to ensuring you have the best possible preparation to reach your full potential as an educator. Whether pursuing a Multiple Subject, Single Subject, or Special Education (Education Specialist) credential, you will be taught by high-quality faculty deeply rooted in the local context. You will also have the opportunity to complete your clinical field placement experience in a local PK-12 school while being mentored by a currently-practicing PK-12 teacher and a university coach.

We know that your time in the Teacher Education Program will be challenging as you work to balance your coursework expectations and clinical field placement expectations with your personal responsibilities and home life. Please look for ways to practice self-care and sustain yourself. Please also know that we want you to be successful. If you ever have any problems, do not hesitate to contact us, your program coordinator, instructional faculty, or your coach: We are all here to help you succeed.

We wish you all the best as you embark on this next phase of your educational journey!

Randy Yerrick, Ph.D.
Dean

Song Lee, Ph.D.

COMPLETER PANEL

Gerardo Aguayo

Education Specialist Credential Program- Mild/Mod

My name is Gerry Aguayo, I am in my third year of teaching in Firebaugh-Las Deltas Unified School District. I started out as an elementary teacher for RSP and am now an RSP teacher for tenth grade. I come from a family of educators and enjoy helping others. I have a different educational route, but one that has taught me a lot about myself and the field I am currently pursuing. I believe my journey allows me to reach many people in education.

Katelyn Salazar

Single Subject Credential Program - Social Science/History

I have an Associate's Degree in Elementary Education from the College of the Sequoias and a Bachelor of Arts in History from California State University - Fresno. I completed the Single Subject Credential Program through Fresno State in May 2023. I received a job offer from Golden Valley Unified School District before completing the credential program. I am teaching as a first-year teacher at Ranchos Middle School in Madera Ranchos as the 8th Grade U.S. History Teacher. I am coaching the 7th Grade Volleyball team at Ranchos Middle School as well.

Khai Li Wan

Education Specialist Credential Program- Extensive Support Needs

My name is Khai Li. I just completed the SPED credential and working towards my master's. I have a strong desire to make a positive impact on the lives of children and adults with disabilities. With my background in music and education, I have developed a deep understanding of the unique challenges faced by individuals with special needs and their families. Through my coursework and hands-on experience at Fresno State, I have honed my skills in creating effective and individualized education plans, promoting inclusive classroom environments, and supporting the social and emotional well-being of my students. I am excited to continue my journey in this field and make a meaningful and lasting difference in the lives of those I work with. PS: Friends sitting beside you may and will be your support in your education journey.

Bruno Cazares

Single Subject Credential Program - English

Hi! I am Bruno Cazares, and I am from Del Rey though I went to school in Fowler all my life. I am currently teaching at Ridgeview Middle School in Visalia. My mantra for teaching comes from the man himself, Superman: "Be the person who wasn't there for you for someone else."

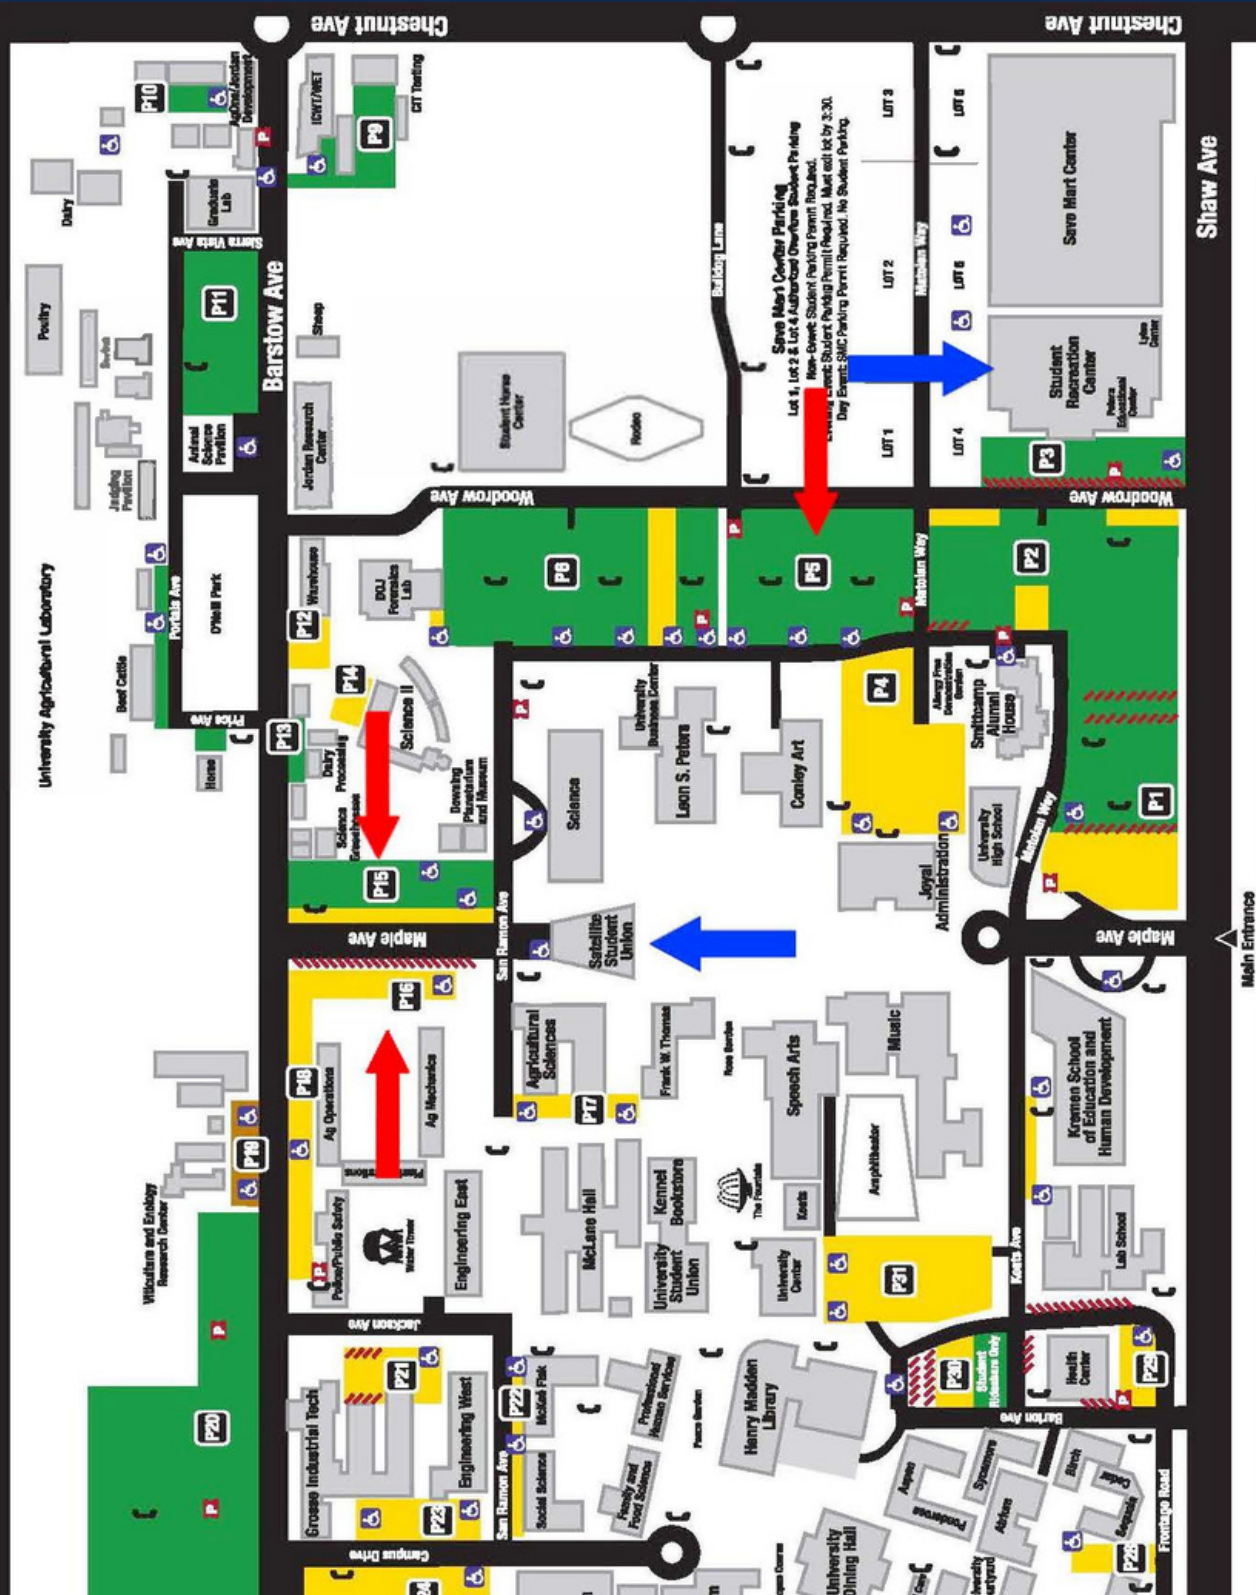

Randi Nichols

Multiple Subject Credential Program

My name is Randi Nichols. I have just finished the Multiple Subject credential program in Spring 2023. I am currently a substitute teacher for the 2023-2024 school year.
