Prerequisites: Successful completion of Phase 1 of the P-3 Credential Program.

Clinical Equivalency: The PK-3 Credential Program offers clinical equivalency options that may allow you to not have to be placed in a different classroom from the one you currently work in for your clinical practice experience during this course. This only applies for student teachers who are working with four year olds when enrolled in Clinical Practice Experience PK-3 (A). There are several requirements that must be met prior to being approved for the clinical equivalency. If approved, you must still complete the course requirements of Clinical Practice Experience in PK-3 (A). If you would like to explore whether you meet the requirements, please complete the [PK-3 Credential Clinical Equivalency Form](#) and the PK-3 Credential Coordinator will schedule an advising appointment with you.

Course description: Clinical Practice Experience PK-3 (A) is a supervised clinical experience in Transitional Kindergarten (TK) – Grade 3 classrooms. 18 hours per week in the classroom along with an additional 2 hours per week for planning is expected for a total of 20 hours of clinical experience per week (3 duty days + 2 flex days/week). "Flex" days are when the program designs the weekly clinical schedule that includes a day in the week where candidates can choose how to spend their day either studying, meeting with their mentor/coach, subbing, or taking care of personal business. The student teacher is expected to arrive a half hour before and stay a half hour after school time. The University Coach engages the student teachers in a coaching cycle to help them develop the knowledge and skills required of the [California PK-3 Teaching Performance Expectations](#). This course is a required course of the PK-3 Credential Program. Clinical Practice

Experience PK-3 (A) is designed to provide the necessary classroom access essential for completing the assignments in the following courses: LEE 110, LEE 111, LEE 108, and SPED 104. This course prepares teacher candidates to teach in culturally and linguistically diverse general education classrooms.

This course requires that you have purchased a Tk20 Account (\$110 for a 7 year subscription). Tk20 is a cloud-based system used to document clinical experience. Use the following link to purchase your account:

Course Requirements/Assignments

1. **Attend meetings called by your University Coach.**

2. **Pre-Disposition Survey and Post-Disposition Survey.** Developing dispositions essential to becoming a professional educator is required of the PK-3 Credential Program. In Tk20, teacher candidates are required to:
 - a. Complete the pre-disposition survey by week 3 of the semester.
 - b. Discuss the results with your University Coach and set a goal for an area of growth.
 - c. Complete the post-disposition survey by week 16 of the semester.
3. **Clinical Practice Agreement.** This agreement is to be reviewed at the first triad meeting with the Teacher Candidate (TC), Mentor Teacher (MT) and University Clinical Practice Coach (CC). It is intended to assist with clarifying responsibilities as well as individualizing the gradual release plan for the TC. This is a working document that can be adjusted as needed. The weeks shown are estimates and do not necessarily match the actual weeks of the semester. Remember that exploring and engaging with the [PK-3 Teaching Performance Expectations](#) (TPEs) must remain central to TC learning and development. This agreement is to be uploaded into the Teacher Candidate's Tk20 binder after the triad meeting.
4. **Clinical Practice Experience and Logging Clinical Hours.** Teacher Candidates are required to participate in a *minimum of 20 hours per week* in clinical placement aiming to log approximately 240-280 hours during Clinical Practice Experience in PK-3 (A) in Tk20. Teacher Candidates assume responsibility for the morning routine on a daily basis. Clinical activities may include: walking the students to the classroom, taking attendance, collecting and correcting homework, and morning review, calendar, lesson planning, co-teaching, reviewing assessment data, attending professional learning community at school site, attending professional learning approved by Fresno State, attending parent-teacher conferences, attending district board meetings, etc.
5. **Class Profile.** Information must include a class summary of (a) English proficiency levels, (b) identified needs (IEP, 504, behavioral plans), (c) ethnicity, and (d) reading/writing proficiency (with the source of your information). In addition, you will identify other information about individual students. The information you gather should directly inform your planning and instruction to ensure all students have access to the curriculum. This information may include academic strengths and challenges, cultural background, interests, social

interactions, attitude, language proficiency, health needs, etc. A review of IEP goals, 504 plans, or behavior plans should be part of this process. Interest surveys, observations of interactions and behavior, and conversations are good sources of information. Select the most useful information for your planning. More is not necessarily better. Use the [SVP Class Profile Template](#) and submit in Tk20.

6. **Lesson Planning.** Every week you will participate in the development of the weekly lesson plans with your Mentor Teacher and you will observe and ask questions about how a unit of study is put together. Additionally, you will develop six formal standards-based lesson plans and have them *reviewed by your University Coach* and/or Mentor Teacher 36 hours before a lesson is taught for a formal observation. Use the [SVP Lesson Plan Template](#) and submit in Tk20.
7. **Formal Observation, Debrief, and Reflection.** Record the implementation of a minimum of *six (6)* intentionally planned lessons approximately 20-30 minutes in length. Use [Panopto to record and share your recording with your coach](#). Meet with your coach to debrief. Submit your formal observation and corresponding reflection that is focused on a specific TPE in Tk20: Always select a TPE to focus on in your reflection. What does it mean to you? What skills did you use to practice this TPE in the classroom? Always set a goal for future practice and reflection. You may also consider using one of the following questions to guide your reflective practice:
 - a. Reflection-on-action: Focus on 1-3 students. Discuss what you hoped to see in the students' development and learning and explain how you know if you're seeing growth in the students? Describe what went well. Describe what could be strengthened. Describe what could be done differently next time.
 - b. Select a content area or concept introduced to you in your coursework and discuss a theory to practice connection.
 - c. Focus on something that you take for granted about teaching and learning that surprised you this week. Why is it an 'aha' moment for you?
 - d. What assessment data did you look at this week? How is that information informing your practice?
 - e. In what ways did you focus on the assets your students brought into the classroom this week? How will you incorporate your student's strengths into your lesson planning?

- f. How does context matter to your planning and practice?
 - g. How do your present goals, aspirations, and motivations as an educator reflect your beliefs and your experiences?
 - h. How did your identities and life experiences show up in your teaching practices? Consider such identities as your race, social class, gender, and sexual orientation, and such schooling experiences as those related to academic achievement, motivation, professional development, extracurricular activities, and peer groups. How does your background shape your practice this week? What assumptions and bias are you questioning?
8. **Mid-Semester and Final-Semester Evaluation.** During week 7 or 8, the University Coach will help schedule a meeting with the Teacher Candidate and Mentor Teacher where the triad will reflect on the learning and development of the Teacher Candidate as well as set goals for areas of improvement for the second half of the semester. During week 15 or 16, the University Coach will help schedule a meeting with the Teacher Candidate and Mentor Teacher where the triad will reflect on the learning and development of the Teacher Candidate as well as set goals for areas of improvement for final student teaching. Coach will submit it in Tk20.
9. Complete the Fresno Assessment of Student Teachers (FAST) Site Visitation Project (SVP).
- a. Review FAST Manual during the first two weeks of the semester.
 - b. Review SVP preparation Videos.
 - c. Complete recording for your SVP observation before Fall/Thanksgiving Break.
 - i. Make sure to complete at least 3 formal observations before recording an observation for the SVP
 - d. In Tk20, complete all steps of the SVP to document Teacher Candidate's effective use of instructional time to maximize student achievement in relation to state-adopted academic content standards for students, instructional goals, and scheduled academic tasks. Teacher Candidates will implement procedures for routine tasks and manage transitions to maximize instructional time. Teacher Candidates will reflect on their lessons using the TPEs as a framework. (TPE 1.1, 1.2, 1.6, 1.7, 2.1, 2.4, 2.5, 3.1, 3.2, 3.3, 3.5, 4.1, 4.3, 4.5, 4.8, 6.1, 7.1, 7.6, 7.9, 7.11, 8.1, 8.3, 8.4, 8.6)

Site Visitation Project (SVP)

FAST OVERVIEW

The California Commission on Teacher Credentialing (CCTC) requires that every credential program candidate seeking recommendation for a Preliminary California Credential show mastery of the Teacher Performance Expectations (TPEs). The TPEs will be taught in your coursework and applied and practiced in your clinical experience. The Kremen School of Education and Human Development has designed its own teacher performance assessment system to evaluate your mastery of the TPEs, the *Fresno Assessment of Student Teachers (FAST)*. The system consists of two tasks or “projects”, the Site Visitation Project (SVP) and the Teaching Sample Project (TSP).

The Site Visitation Project (SVP) is the focal performance task of Clinical Practice Experience in PK-3 (A). The SVP will be scored by trained, reliable scorers (typically your University Coach) using a specific four-point rubric:

- 1 = Does not meet expectations
- 2 = Meets expectations
- 3 = Meets expectations at a high level
- 4 = Exceeds expectations

A score of 2 on all sections is required to pass the SVP. In the event that a candidate earns a score of “1” on any section, the candidate will have the opportunity to revise and resubmit that section. If a passing score is still not earned in the resubmission, the candidate may apply for a *Special Consideration* using the *FAST Non-Passing Score Procedure* (outlined in the FAST Manual; will be received in either the CI 176 course or from your Coach).

SITE VISITATION PROJECT OVERVIEW

The SVP assesses the candidate’s ability to plan, implement, and reflect upon instruction. The Teaching Performance Expectations (TPE) elements being evaluated are:

- TPE 1 – Engaging and Supporting All Young Children in Learning (1.1, 1.2, 1.6, 1.7)
- TPE 2 – Creating and Maintaining Effective Environments for Children’s Development and Learning (2.1, 2.4, 2.5)
- TPE 3 – Understanding and Organizing Core Curriculum for Children’s Learning (3.1, 3.2, 3.3, 3.5)

TPE 4 – Planning Instruction and Designing Developmentally Appropriate Learning Experiences for All Children (4.1, 4.3, 4.5, 4.8)

TPE 6 – Developing as a Professional Early Childhood Educator (6.1)

TPE 7 – Effective Literacy Instruction in PK-3 Settings (7.1, 7.6, 7.9, 7.11)

TPE 8 – Effective Mathematics Instruction in a PK-3 Setting (8.1, 8.3, 8.4, 8.6)

For this project, the candidate will plan, teach, and evaluate a 20- to 45 minute standards-based mathematics lesson that is digitally recorded and uploaded into Tk20. Candidates will teach the lesson in mathematics and infuse English Language Arts and English Language Development standards. The written lesson plan will be submitted to the University Coach at least three (3) days prior to implementation. The lesson will be observed by the University Coach and/or subject-matter expert. To evaluate the planning and implementation of the lesson, the candidate will watch the lesson recording, select a segment that demonstrates subject-specific pedagogy and respond to questions about the lesson. The project will be submitted on Tk20 and evaluated using the Scoring Rubrics in the FAST Manual. More information can be found in the FAST Manual and will be discussed in LEE 105.

Credit for Clinical Practice Experience in PK-3 (A)

To receive credit for Clinical Practice Experience in PK-3 (A), candidates must satisfactorily meet all clinical practice expectations during the weeks that they are due and pass the FAST Site Visitation Project (SVP).

Course Policies & Safety Issues

Attendance: Attend all class sessions unless ill. Due to discussions of readings and other in class activity requirements, more than 3 absences may impact your ability to complete the requirements of the course.

Make Up Policy for Planned and Unplanned Absences: In the case of an unplanned student absence, clinical hours and assignments due during the time the student is absent may be made up only if the student contacts the University Coach as soon as practical after the absence occurs and works out a plan. In the case of authorized absences due to university-sponsored activities, students should submit their work to the University Coach on or before the due date, or as arranged with the University Coach. This includes papers, assessments, and/or homework assignments. The University Coach may require a doctor's note to verify illness for absence during

examinations or for late assignments. When a student is absent for an extended period, a viable make-up plan may not be feasible. In these circumstances, other options such as dropping the class for a serious and compelling reason or withdrawal from the university may be appropriate.

Plagiarism Detection: The campus subscribes to Turnitin, a plagiarism prevention service, through Canvas. You will need to submit written assignments to Turnitin. Student work will be used for plagiarism detection and for no other purpose. The student may indicate in writing to the instructor that he/she refuses to participate in the plagiarism detection process, in which case the instructor can use other electronic means to verify the originality of their work. Turnitin Originality Reports WILL/WILL NOT* be available for your viewing. ***FACULTY: Please choose for your course WILL or WILL NOT be available for your viewing.**

Dispute Resolution: If there are questions or concerns that you have about this course that you and I are not able to resolve, please feel free to contact the Chair of the department to discuss the matter.

Intellectual Property: All course materials, including but not limited to the syllabus, readings, quiz questions, exam questions, and assignments prepared by the instructor are property of the instructor and University. Students are prohibited from posting course materials online (e.g., Course Hero) and from selling course materials to or being paid for providing materials to any person or commercial firm without the express written permission of the professor teaching this course. Doing so will constitute both an academic integrity violation and a copyright violation. Audio and video recordings of class lectures as well as images of chat or messages shared during course sessions are prohibited unless I give you explicit permission in advance. Students with an official letter from the Services for Students with Disabilities office may record the class if SSD has approved that service. Otherwise, recordings of lectures are included in the intellectual property notice described above. These provisions exist regardless of the modality of the course. That is they apply to in-person, hybrid and online courses.

Student Ratings of Instruction: In the final weeks of the semester, you will be asked to complete a short survey to provide feedback about this class. The primary goal of student ratings is to help your instructor improve the class. Feedback will also be reviewed by the department chair and the college dean. You will be given 15 minutes of class time to complete student ratings. Please offer feedback honestly and thoughtfully.

Your participation is appreciated. You can access your student rating surveys and get more information at [Fresno State Student Ratings for Instruction \(SRI\)](#)
