

## Kremen School of Education and Human Development

Dear Parent/Guardian,

This semester, your child's class is working with \_\_\_\_\_, a student teacher from Fresno State's Credential Program. The State of California credentialing process requires all teacher credential candidates to be observed during the teaching of lessons. These observations require a 20 - 45 minute video recording of six lesson being taught by the student teacher.

The focus of the video recorded lesson is to assess the student teacher's performance and evaluate their approach to teaching in order to help improve their practice. Although the video may show both the student teacher and various students, the primary focus is on the student teacher's instruction, not on the students in the class.

All student teachers at Fresno State are required to purchase an account on <https://fresnostate.tk20.com>, a password-protected and secure website where the video recording will be uploaded and accessible only to Fresno State Teacher Education faculty and the student teacher.

Your child's privacy and safety are of utmost importance and we hope that this letter helps you understand the intent of the video recorded lesson. Thank you for completing the permission form below.

Sincerely,  
Dr. Heather Horsley, Coordinator  
Multiple Subject Credential Program  
Kremen School of Education and Human Development
