

Commencement Ceremony

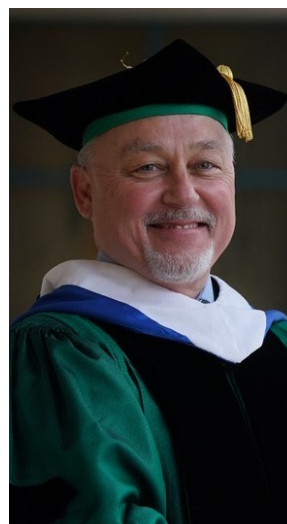

Kremen School of Education
and Human Development
celebrates the

Class of
2020 and 2021

May 14, 2021 | 9:00 A.M. | Bulldog Stadium

Message from the Dean

To our accomplished Kremen graduates of 2020 and 2021,

On this warm California day, all of us in the Kremen School celebrate with you and offer our warmest congratulations on the completion of your academic training and professional preparation. Despite a global pandemic and other national crises, you have weathered many storms and navigated the most challenging of circumstances to arrive today at this shared destination. Today you can join together with our faculty and staff and proclaim, "We did it!"

It is worth recognizing today that you are not just graduating from any ole' college. You are a Bulldog. You are today becoming an alumni of one of the most influential institutions of higher education in the State of California. You need to be aware of the pedigree which you carry forward with you. We Bulldogs embody a culture of success, perseverance, and accomplishment. Fresno State has a legacy of opening doors for so many and Kremen is a big part of that legacy of success. Fresno State actually began in 1911 as a normal school—a place devoted wholly to the preparation of teachers. Kremen has continued to push Fresno State forward to make important contributions as a Hispanic Serving Institution (HSI) and as an Asian American Native American Pacific Islander Serving Institution (AANAPISI). Guided by the mission to recruit and develop ethical leaders for classroom teaching, education administration, counseling, and higher education, Kremen has achieved highest level of national acclaim and accreditation in both counseling and teaching and have been recognized by the National Council on Teacher Residencies and by the Branch Alliance for Educator Diversity. We have accomplished these and other accolades through close collaboration with our valued partners who help us cultivate rich learning experiences for our students. We are the largest producers of teachers in California, training nearly 3 out of 4 teachers throughout the Valley. At last count 60% of all local superintendent leadership have their roots in Kremen. Moreover, Kremen prepares the highest caliber mental health professionals, boasting nearly 100% job placement for our graduates within 12 months of graduation.

Fresno State graduates are special. They are accomplished, forward thinking, always seeking ways to improve, and advocating to provoke social change for others. In the same way that teacher education led Fresno State to grow and to serve and to impact the broader community, we expect you as Kremen Alumni to continue to grow, and to serve, and to impact the communities where you land. We expect you to impact and change society...and when you do...we will stand and cheer with you.

Congratulations graduates! You have much to be proud of today.

Vision

The Kremen School of Education and Human Development is a center for academic excellence and collaboration in the fields of education and counseling. Graduates will become community leaders who advocate for high standards and democratic values with attention to professional ethics and diversity.

Mission

The Kremen School of Education and Human Development's mission is the recruitment and development of ethically informed leaders for classroom teaching, education administration, counseling, and higher education. Our mission is realized through a framework of teaching, scholarship, and service that addresses regional, state, national, and international perspectives.

Message from the Associate Dean

In my 22 years at Fresno State, I've had the good fortune to participate in many graduation ceremonies. It's a day I look forward to because of the happiness and pride I see in the faces of graduates, families, friends, faculty and staff. Although I'm writing this a week before graduation, I can safely say that I'll be looking at your mortarboards to see what you've chosen to communicate. I'll be sharing in the joy you feel of reaching this momentous day. I'll be celebrating with your family and friends, both those who are present and those who couldn't be here. I'll understand that this day means a great deal, that it represents your ability to overcome obstacles to achieve your goals. I hope you feel enormous pride in what you've accomplished.

I'll also think about my father, a first generation college student whose commitment to education led to all his children earning advanced degrees. Raised on a farm in a town with only 400 inhabitants, my father put himself through college as a custodian, driving a half hour one way to get to campus to work and study--and milking cows when he returned home. When my father completed his undergraduate degree, he started to teach, eventually deciding to pursue a graduate degree. Because he had to work full-time to support our family, he ended up changing universities when he was offered an administrative position before finally completing his doctoral degree. Your story may be similar in that you've juggled many responsibilities and challenges as you've pursued your degree. My father has never regretted the decision he made to seek an education. It transformed his life in positive ways, also giving him opportunities to serve others.

My hope for you is that, like my dad, you'll use your degree (or credential or certificate) to give to the communities where you live--that your commitment to education will inspire those around you. I feel certain that you have much to give and that you will make a difference in the work you do.

Congratulations and best wishes to you as you move into your future.

Dr. Kathleen Godfrey
Interim Associate Dean

Undergraduate Dean's Medalist

Hlee Thor

Undergraduate Dean's Medalist, Kremen School of Education and Human Development

B.A. in Liberal Studies

Hlee Thor is an aspiring teacher and on track to graduate with a B.A. in Liberal Studies this May. Thor is a first-generation college student and grew up an English language learner. She was inspired by her third-grade teacher's support and the steps that were taken to help her excel. After graduating high school as valedictorian, she received an internship to work as a Teacher Assistant for ELD students with Fresno Unified School District.

Throughout her undergraduate studies, she continued to work as an educator. She worked at Fresno Unified's Para Academy for four years, attended monthly professional learning workshops to build her teaching knowledge, and she taught Saturday School where she collaborated with others to teach full Engineering lessons to elementary school students.

She has a strong connection with Fresno Unified students. The district's diversity allows her to understand cultural differences, and with that she works to create positive learning environments. Thor plans to enroll in Fresno State's Fresno Teacher Residency program this Fall.

"I want to show students that they can grow in a positive learning environment as long as they put in passion and dedication." - Hlee Thor

O say can you see, by the dawn's early light,

What so proudly we hail'd at the
twilight's last gleaming,

Whose broad stripes and bright stars
through the perilous fight,

O'er the ramparts we watch'd were
so gallantly streaming?

And the rocket's red glare, the bombs
bursting in air,

Gave proof through the night that
our flag was still there,

O say does that star-spangled banner yet wave

O'er the land of the free and the
home of the brave?

Educator's Affirmation

I DEDICATE myself to the life of an educator, to making a positive difference for successor generations in our diverse and technological society, and to providing knowledgeable leadership for that change.

I DEDICATE myself to the advancement of learning, for I know that such learning will provide the vision and the power to enhance and strengthen our democratic society.

I DEDICATE myself to the cultivation of character, for I know that ethical and academic excellence are best developed when our students and our colleagues engage through the highest principles of courage, compassion, collaboration, honesty, and critical thinking.

I UNDERSTAND that I must manifest by my own behavior the ideals I have dedicated myself to promote in others.

In the presence of this gathering, and to the profession I seek to honor by my work, I commit myself to these ideals.

Class of 2021 Undergraduate Dean's Medalist

Lizbeth Cortez Villa

*Undergraduate Dean's Medalist,
Kremen School of Education and Human Development*
B.A. in Liberal Studies

Lizbeth Cortez Villa is a first-generation college student and immigrant who came to the United States in hopes of achieving her parents' dream - pursuing higher education. She instilled within herself a strong drive to excel in education. Because of this, she was able to pursue a bachelor's degree in Liberal Studies while working her way

through college. During summer and winter breaks, she would work in the fields and during the semester she found jobs that allowed her to prioritize education. Being dedicated to her education resulted in receiving multiple scholarships.

Villa is the oldest sibling in her family. She grew up caring and helping those around her, not only in the home but also in the classroom. Once she graduates this May, she plans to enroll in Fresno State's multiple subject teaching credential program.

While pursuing her undergraduate degree, She became a Scholar in Service with the Jan and Bud Richter Center for Community Engagement and Service-Learning. She completed over 640 community service hours, most of which at the Wesley United Methodist Church.

After teaching in the Central Valley, She plans to continue her education and earn a Master of Science degree in Counseling and then go on to earn a doctorate in Educational Leadership. "My goal is to open a nonprofit organization that will provide support for families and students in the Valley," said Villa. "I hope to inspire the young minds of our generations and prove to them that we are capable of so much in this world."

Class of 2020 Graduate Dean's Medalist

Jake Lorchueya

*Graduate Dean's Medalist, Kremen School of Education and Human Development
M.S. in Counseling, option in Student Affairs and College Counseling*

Jake Lorchueya is a Hmong graduate student who is proud of his heritage and is an advocate for Hmong students in higher education. While he has been in the Student Affairs and College Counseling program, he has made far strides in developing his research interests and career path.

Lorchueya was part of organizing Fresno State's first-ever Hmong Graduate Student Mixer, with the goal of bringing a greater level of awareness to the needs and assets of the Hmong student population on campus and to the administration. In addition to the mixer, He leads the Hmong Student Success initiative, serves on the Hmong Heritage Committee and Men of Color Committee. Outside of Fresno State, he serves as a Regional Ambassador for the Asian Pacific American Network of the American College Personnel Association. He has also co-presented at four conferences and has co-authored two manuscripts.

"Being a part of these scholarly activities has helped me become more confident in my research skills and build my scholarly identity," stated Lorchueya. "I also learned about the significance of developing my research and writing skills as a Hmong scholar in order to conduct research with my community responsibly and share their stories from an insider perspective."

Lorchueya is already a role-model to his seven siblings. After graduation, he plans to enroll in a doctoral program and become the first in his family to reach that level of educational attainment.

Class of 2021 Graduate Dean's Medalist

Hank Gutierrez

*Graduate Dean's Medalist,
Kremen School of Education and Human Development
Ed.D. in Educational Leadership*

Hank Gutierrez is on the path to becoming a four-time graduate of the Kremen School of Education and Human Development at Fresno State. He first became a *Bulldog for Life* when he obtained a bachelor's degree in Liberal Studies, he then went on to earn a Multiple Subject Teaching Credential, and after that graduated with a master's degree in Education and Administration. As stated by NEO President Roekel, "Education is the great equalizer... opening doors of opportunity for all." Knowing this, he enrolled in the doctoral program in educational leadership, ready to utilize knowledge to make a difference.

Today he serves as the Deputy Superintendent at the Fresno County Superintendent of Schools, providing leadership to help guide 61 school districts of more than 200,000 students. As a first-generation college student raised by a single mother, he has first-hand knowledge of the diverse student population in Fresno County and the challenges those students face.

Throughout his career, he has always dedicated himself to creating positive learning environments for all students. When he served as the Principal of Fowler High School he spearheaded an effort called the Redcat Men's Alliance and Redcat Women's League. This program resulted in increased support for students to obtain a diploma, promoted developing self-confidence and self control, reduced discipline referrals, increased academic achievement, and students served a minimum of fifty hours of service learning.

In his current position as Deputy Superintendent, he is working directly with the Kremen School on building a teacher pipeline in rural communities, the Rural Teacher Residency Partnership. "Hank is addressing the need for more diverse and culturally inclusive teachers in our rural communities," said Jim Yovino, Fresno County Superintendent of Schools. "He has been integral in advancing our mission to improve the lives of children through education."

**Outstanding Dissertation Finalist

Alma Mater

Let us in song, our voices raise
In cloistered courts, to sound thy praise.
Each voice and heart that sings is true
To thee, oh, Cardinal and Blue.
For thee, our hopes and memories;
For thee, our hearts and loyalties.
Thy sons and daughters hail thee great,
Our Alma Mater, Fresno State!

“The beautiful
thing about
learning is that no
one can take it
away from you.”

-BB King
