

Message from the Dean

To our accomplished graduates of the Class of 2022,

Welcome back to the face-to-face graduation tradition in the Save Mart Center. Today you are joining a long and illustrious legacy of quality educators, counselors and leaders who are destined to change tomorrow. The Kremen School of Education and Human Development celebrates with you and your families and we offer our warmest congratulations on the completion of your degrees and certificates. You are now officially a Fresno State Bulldog. It is no coincidence nor any small matter that you are being recognized. You have all risen above the challenges of a global pandemic and a host of other events and circumstances precipitating from it. Despite the storms raging in our society today, your effort, your care for one another, your unparalleled focus on the long term goal, and your character have brought you to this moment when together we can join together and proclaim, "You did it!"

As a Bulldog, you are today becoming an alumni of one of the most influential institutions of higher education in the State of California. I will remind you of the pedigree which you chose and which shaped you along this journey. We Bulldogs embody a culture of success, perseverance, and accomplishment. As you enter your profession, remember Fresno State has a legacy of opening doors for so many and the Kremen School is a big part of that legacy of success. Fresno State actually began in 1911 as a normal school—a place devoted wholly to the preparation of teachers. Now Fresno State has evolved into a Hispanic Serving Institution (HSI) and an Asian American Native American Pacific Islander Serving Institution (AANAPISI). This evolution was due in no small part to the trail blazing efforts of the Kremen School. Guided by the mission to recruit and develop ethical leadership which transform a diverse society, the Kremen School has achieved the highest level of national acclaim in counseling, in teaching, and educational leadership. We have accomplished these and other accolades through close collaboration with our valued partners who help us cultivate rich learning experiences for our students. We are the largest producers of teachers, counselors, and leaders in California, training nearly 3 out of 4 teachers throughout the Valley. At last count 60% of all regional superintendent leadership have their roots in the Kremen School. Moreover, the Kremen School prepares the highest caliber mental health professionals, boasting nearly 100% job placement for our graduates within 12 months of graduation.

Fresno State graduates are special. They are accomplished, forward thinking, always seeking ways to improve themselves and their surroundings. In the same way that teacher education led Fresno State to grow and to serve and to impact the broader community, we expect you as the Kremen School Alumni to continue to grow, and to serve, and to impact the communities where you land. We expect you to impact and change society...and when you do...we will stand and cheer with you.

Congratulations graduates! You have much to be proud of today.

Message from the Associate Dean

Vision

The Kremen School of Education and Human Development is a center for academic excellence and collaboration in the fields of education and counseling. Graduates will become community leaders who advocate for high standards and democratic values with attention to professional ethics and diversity.

Mission

The Kremen School of Education and Human Development's mission is the recruitment and development of ethically informed leaders for classroom teaching, education administration, counseling, and higher education. Our mission is realized through a framework of teaching, scholarship, and service that addresses regional, state, national, and international perspectives.

It is with great honor that I share this moment with you and your loved ones, past and present, as you celebrate your achievements at Fresno State.

As I think about this moment, I can't help but reflect on the words of activist Audre Lorde: "When I dare to be powerful, to use my strength in the service of my vision, then it becomes less and less important whether I am afraid." Take this in because the future of our communities, our nation, and world, depend on what you do with your degrees, credentials, and certificates. More importantly, it depends on whether you choose to lift your voice and move with intentionality toward your next steps as rooted in your vision. You see, what you do in these next 3-5 years is crucial to not only your future but to mine, the person next to you, the person next to them, and so on. This may feel like a huge weight, but you don't have to carry this burden alone. You have people around you – and others you don't even know – who share your passion and will stand alongside you to make our communities a place for everyone, not just a place for some.

As you leave the halls of Fresno State, remember that your talents, gifts, passion, and actions are needed. I implore you to use your degree and skills not to simply collect a paycheck, but to be a change agent in a world that is hurting and hungry for a leader like you. In the words of Angela Davis, "We must learn to lift as we climb," which is a call to action for us all.

Graduate, don't be afraid to be excellent. Don't be afraid of success. You were born for it. This time and this moment is yours.

Congratulations, and I wish you all the best.

Dr. Jenelle Pitt Parker, Ph.D.
Associate Dean

The National Anthem

O say can you see, by the dawn's early light,

What so proudly we hail'd at the
twilight's last gleaming,

Whose broad stripes and bright stars
through the perilous fight,

O'er the ramparts we watch'd were
so gallantly streaming?

And the rocket's red glare, the bombs
bursting in air,

Gave proof through the night that
our flag was still there,

O say does that star-spangled banner yet wave

O'er the land of the free and the
home of the brave?

Undergraduate Standard Bearers

Shalika Pilippange

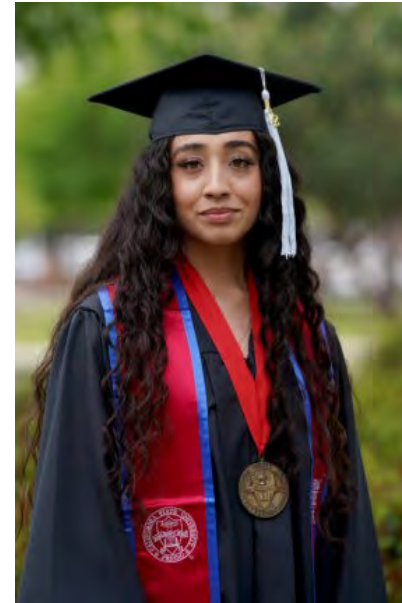

Shalika received her bachelor's degree in Liberal Studies in Fall 2021. She was placed on the dean's and president's list for multiple semesters as an undergraduate student and graduated with Summa Cum Laude honors. Shalika is also a member of Phi Kappa Phi, K-16 Partnership Fellowship for STEM Teachers, and the Bulldog Global Program. She is also a special education teacher for the Fresno Unified School District and the founder and head teacher at the Language Learning Centre established in 2014. She plans to pursue a master's degree in special education.

Adriana Macias-Cervantes

Adriana will graduate with a 4.0 GPA. As part of the Integrated Teacher Education Program (ITEP), she has earned her bachelor's degree in Liberal Studies and a multiple subject credential. She is currently a substitute teacher for the Visalia Unified School District, as well as a Program Leader and Tutor for Pro Youth, a comprehensive expanded learning program. Adriana credits her own teachers who gave her inspiration and supported her throughout her education. Her goal is to pay it forward and teach in a low-income small-town community.

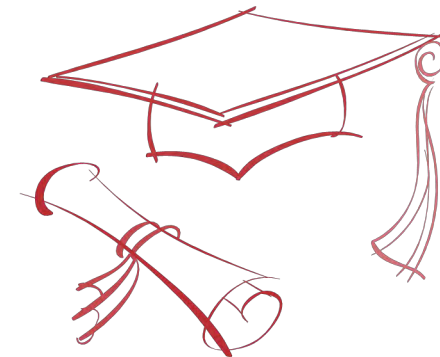

Undergraduate Dean's Medalist

Ivonne Pulido
*Undergraduate Dean's Medalist,
Kremen School of Education
and Human Development
B.A. in Liberal Studies*

Ivonne Pulido, of Avenal, earned her B.A. in liberal studies with a 4.0 GPA. Pulido dreamed of becoming a neurologist because of her childhood visits to the doctor for treatment of a noncancerous cyst. But a video she watched in high school with a message to reflect on what you're good at changed her career path. Taught by her Mexican immigrant parents that an education is a gift, Pulido persevered through school despite moments of struggle because she didn't understand the work and her Spanish-speaking parents couldn't

help. That experience helped Pulido realize that sharing knowledge is a powerful tool, so she decided to become a teacher. At Fresno State, she found guidance and a community of students with similar stories and backgrounds in the Fresno State Educational Opportunity Program, and she is an officer in the Fresno State Student California Teachers Association. Pulido applied to the Fresno State Evening Campus Cohort to earn a multiple-subject credential with supplementary authorization in math. She plans to pursue a master's degree in curriculum and instruction or administration.

Educator's Affirmation

I DEDICATE myself to the life of an educator, to making a positive difference for successor generations in our diverse and technological society, and to providing knowledgeable leadership for that change.

I DEDICATE myself to the advancement of learning, for I know that such learning will provide the vision and the power to enhance and strengthen our democratic society.

I DEDICATE myself to the cultivation of character, for I know that ethical and academic excellence are best developed when our students and our colleagues engage through the highest principles of courage, compassion, collaboration, honesty, and critical thinking.

I UNDERSTAND that I must manifest by my own behavior the ideals I have dedicated myself to promote in others.

In the presence of this gathering, and to the profession I seek to honor by my work, I commit myself to these ideals.

Graduate Dean's Medalist

Saúl Pamatz Melgarejo
 Graduate Dean's Medalist,
 Kremen School of Education
 and Human Development
 M.A. in Multilingual Multicultural
 Education

Saúl Pamatz Melgarejo, of Fresno, earned his M.A. in Multilingual Multicultural Education with a 3.9 GPA. He previously earned his B.A. in Spanish and a minor in communicative sciences and deaf studies from Fresno State. Melgarejo is a first-generation and formerly undocumented student, migrant and English language student who is devoted and committed to

helping linguistically, culturally diverse learners and their families achieve success. As a new dual immersion teacher, he saw a need in the K-12 system for students to have mentors they can relate with. During his graduate studies, he learned critical analysis skills to better understand the holistic components behind culture and the importance of working for accessibility and equity. He demonstrated these skills in a research project titled, "Undocumented Journeys: Pathways to Higher Education in Uncertain Political Times." Melgarejo received the Rutherford B. Gaston Family Sr. scholarship award to help with his studies.

Alma Mater

Let us in song, our voices raise
In cloistered courts, to sound thy praise.
Each voice and heart that sings is true
To thee, oh, Cardinal and Blue.
For thee, our hopes and memories;
For thee, our hearts and loyalties.
Thy sons and daughters hail thee great,
Our Alma Mater, Fresno State!

“The beautiful
thing about
learning is that no
one can take it
away from you.”

-BB King

Membership is open to school employees,
students, members of school organizations,
and their families.
